

1-Year Workmanship Warranty

IKG Maintenance provides a 1-year workmanship warranty on all painting projects completed. This warranty covers peeling, bubbling, cracking, or splitting of paint caused by improper surface preparation or application. If an issue arises due to our workmanship, a member of the IKG Maintenance team will return to inspect and repair the affected area at no additional cost. This warranty is valid for one year from the date of project completion.

This warranty does not cover damage or paint failure caused by accidents, misuse, normal wear and tear, temperature changes, structural movement, settling, or moisture-related issues, including cracks caused by expansion or contraction.

Additional Exclusions:

Painted or stained horizontal walking surfaces, including decks, floors, and steps, as well as dirt, mold, and mildew accumulation.

Paint failure resulting from rotted wood, structural defects, moisture intrusion, pre-existing surface conditions, failure of previous paint coatings, or insect damage.

At IKG Maintenance, we take pride in our work and stand behind every project we complete.
